VALUE PACK

Every Professional Golfer on tour has a swing coach helping them through the season. Some weeks it's just a matter of fine tuning their swing, others its revamping their swing so they can get the "feel" back. You have the opportunity to work with PGA Golf Professional Ashley Gravett who will customize her lesson packages to maximize your result.

With her training from the PGA and TPI she is able to incorporate her learning's and best fit them to your swing. TPI's Philosophy of the Swing: "We don't believe there is one way to swing a club; we believe there are an infinite number of ways to swing a club. But we do believe that there is one efficient way for all golfers to swing a club and it is based on what they can physically do." By identifying these limitations and providing some easy exercises to eliminate these limitations, correction of the golf swing is now possible. In many cases, it's not your swing, it's your body! Fix your body, and you can fix your swing!

**ON SALE UNTIL  
DECEMBER 31ST, 2017**

*"If you are looking to improve your golf swing, your chipping and putting skills, your course management strategy and learn techniques to track your progress, I would highly recommend taking advantage of Ashley's voucher offer. I purchased the 2017 vouchers, which included individual instruction sessions as well as a group clinic and a session with a friend. They provided welcome variety in my attempt to learn how to improve my golf game and encouraged me to make my practice time more focused. The handouts from the chipping and putting clinic which I attended and the 8 week practice plan with benchmarking will be great references in the future as well.*

*Ashley is genuinely interested in making you a better player so, that you can enjoy the game even more. She has the ability to personalize her coaching to the individual golfer and is able to communicate the techniques to her students so, they see results. Ashley makes learning golf fun... Thanks Ashley!" – Diane Irwin*
